APPLICANT DECLARATION

* indicates a required field

CONFIDENTIALITY

Information provided by applicants will be considered confidential and treated as such by the South Australian Government and members of the DIP Advisory Board.

Confidential information will only be released with the applicant's agreement or when required by law.

RESEARCH & INNOVATION SECURITY ASSESSMENT

All shortlisted DIP Collaborator Fund projects must complete a RESEARCH & INNOVATION SECURITY ASSESSMENT (RISA). The DIP Team will lead the assessment process and will engage with all Project Team members, including the Defence members or sponsors.

The RISA provides a clear understanding of the security requirements associated with a research and innovation project, including release limitations and who can undertake the research and innovation collaboration.

Please note: given the fundamental nature of the research and innovation of most Collaborator Fund projects, it is expected the majority of projects will be low security and require no protection or DISP entry level. However, a completed RISA remains a requirement.

If this Application is shortlisted, the Lead Organisation will complete a RISA as directed by the DIP Team

○ Yes
○ No
